

TUKAcad

Pattern Making - Grading - Marker Making

The new standard.

Powerful software.

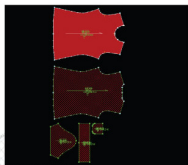

Yet easy to learn and use. Even if you've never used a CAD system before, our software is designed to teach you as you go. With built-in video help instructions for every tool, it's like having an instructor right next to you.

Plays well with others.

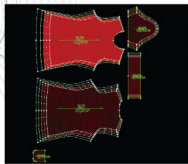

Built with the internet and global collaboration in mind, TUKAcad allows you to send tech packs, spec sheets and pattern cards instantly via email from within the program and works with all major CAD file types, plotters, digitizers, and cutting machines.

Well connected.

TUKAcad is designed to work hand-in-hand with TUKAweb and the FedEx Kinko's network of over 1,100 stores around the world. Create patterns using TUKAcad then directly send them to any FedEx Kinko's for plotting at our specially discounted rate.
