

# TUKAplan

PDM - PLM - ERP - MRP

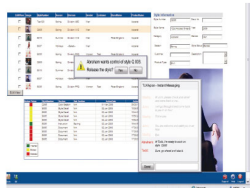

Connect. Collaborate. Communicate.

View style details.

Create and view tech packs.

Communicate via IM.

## Consolidate power.

TUKAplan is a truly web-based Product Data Management (PDM) software suite which brings your company's entire product development process to any internet-ready workstation in a completely secure and collaborative environment..

## On any scale.

TUKAplan can be scaled for a single person or a 100 user organization, and using the powerful SaaS delivery platform, it streamlines the development process and brings the benefits of collaborative working to your entire company at a very low cost per user.

## From A to Z.

With effortless tech packs, measurement charts, line sheets, grading charts, and much more, the user can integrate all aspects of product development, information flow, and process management into one platform.
