

HIGH SPEED SINGLE NEEDLE LOCKSTITCH MACHINE

NEW CONCEPT LOCKSTITCHER

General Application :

- ❖ Lockstitch operation on light, medium and heavy materials, according to individual variety specification.

Motor required :

- ❖ Clutch motor high speed 250w for regular class machines.

Features :

- ❖ Fully automatic high efficiency pump driven Lubrication System.
- ❖ Teflon Coated Needle Bar.
- ❖ Horizontal axis rotating hook.
- ❖ Knee lifter mechanism integral with the durable aluminum alloy oil tank.
- ❖ Combination of Exclusive link feed mechanism with will balanced thread handling system provide KAIYU FL-112 series with superior stitch performance

SPECIFICATION :

FL-112MR	0.5	6	31.8	★	★	-	★	★	-	5000	
FL-112HR	0.7	6	35.0	★			★	★		4000	

DISTRIBUTED BY :

THE NEW GENERATION

THE NEW GENERATION OF HIGH PERFORMANCE LOCKSTITCH INDUSTRIAL SEWING MACHINE.

- ❖ Unique, Superior, Smooth Feeding Function
- ❖ Scientifically Balanced Stitch-Forming Mechanism
- ❖ Highly Efficient Lubrication System
