

NP-181**No more impressions, shine or folding
Faster seam opening**

Revolutionary ergonomic automatic system requires no hand iron for seam opening. Pressing time, pre-steaming, steaming and vacuum are programmed individually by computer.

- Cloth roll cover protects fabrics from damage
- Machine is easy to move on casters
- Fine distance adjustment between head and buck avoids impressions
- Vertically acting head ensures even pressure
- Simple turning device to turn pant legs after seam opening
- Leg tensioning device assists seam opening and prevents seam folding

(Remarks) NP-181VB = with vacuum and boiler,
NP-1818V = with vacuum, but without boiler
